## Sound transmission loss

$$
\text { Acoustics certified values : } \quad \mathrm{Rw}(\mathrm{C} ; \mathrm{Ctr})=31(-1 ;-5) \mathrm{dB}
$$

## Manufacturing sizes

| Nominal thickness: | 36.0 mm |
| ---: | :--- |
| Weight: | $\mathbf{3 0 . 0} \mathbf{~ k g} / \mathbf{m}^{2}$ |

Luminous factors (EN410-2011) : (D65 2)

| Transmittance : | $\mathbf{7 2}$ | \% |
| ---: | :--- | :--- |
| Outdoor reflectance : | $\mathbf{1 6}$ | $\%$ |
| Indoor reflectance : | $\mathbf{1 6}$ | $\%$ |

Energy factors (EN410-2011) :

| Transmittance : | $\mathbf{5 2}$ | $\%$ |
| ---: | :--- | :--- |
| Outdoor reflectance : | $\mathbf{2 5}$ | $\%$ |
| Indoor reflectance : | $\mathbf{2 5}$ | $\%$ |
| Absorptance A1 : | $\mathbf{6}$ | $\%$ |
| Absorptance A2 : | $\mathbf{1 1}$ | $\%$ |
| Absorptance A3 : | $\mathbf{6}$ | $\%$ |

Solar factors (EN410-2011) :

| g: | $\mathbf{0 . 6 3}$ |
| ---: | :--- |
| Shading coefficient : | $\mathbf{0 . 7 2}$ |

Thermal transmission (EN673-2011) - $0^{\circ}$ related to vertical position
Ug: $\quad 0.8 \quad \mathrm{~W} /\left(\mathrm{m}^{2} . \mathrm{K}\right)$

Calculation rules and functional output of Calumen II have been validated by TÜV Rheinland Quality Report 11923R-11-33705
